This is an Open Invitation to participate in a round of golf (Format of a Scramble) to honor the spirit of Dr. Hamill's unparalleled dedication for patient care. The proceeds from this event helps to fund our respite care program in his name, with a goal of providing support for those caring for the Parkinson's Disease patients at home. Since 1998, the Vermont Chapter of the American Parkinson's Disease Association (a 501(c) 3 non-profit organization), has served the PD community of Vermont representing over 3,000 individuals and families living with this disease. PD gradually robs its victims of their ability to move and function independently, and in later stages people with PD become completely dependent upon others for safe care. Your support in this golf event will pay tribute to an outstanding physician and provide continued funding for the Respite Care Programs and Services in Vermont.
